EXPERIENCE

Product Design Intern

Vibe Code Mama, New York | May 2026 – Aug 2026

- Owned end-to-end product design for Vibe Code Mama's MVP, including user flows, wireframes, and hi-fi interfaces, with selected designs incorporated directly into investor pitch decks by the CEO.
- Defined and systemized the visual design language for Vibe Code Mama's community product, establishing reusable patterns and guidelines that scaled consistently across all touchpoints as the community grew to an estimated 100+ members.
- Challenged the initial product direction based on user behavior insights, proposing and validating an alternative content format that became the tested MVP.
- Built and maintained reusable product UI components in Figma, including variants and states, translating designs into functional React/Tailwind prototypes using Cursor and Claude Code and refining them based on ongoing feedback from the CEO and early community members.

Senior Project Manager - Procurement

Israeli Ministry of Defense, New York | 2021–2026

- Managed global logistics and procurement budgets totaling hundreds of millions of dollars, achieving a 30% cost reduction.
- Led contract pipelines for 15+ international vendors, including the U.S. Armed Forces, coordinating complex negotiations and stakeholder requirements.
- Managed 4–6 projects simultaneously, coordinating finance, legal, and shipping teams to drive execution across complex, cross-functional workflows.

Platoon Commander

Israel Defense Forces | 2017–2021

- Commanded a tactical platoon of 150 soldiers and led 40 intelligence personnel in high-stakes operational environments.
- Managed training pipelines and technical operational protocols for 45+ soldiers
