Liraz Hazala Perez

Product Designer | UX/UI | AI-Native Builder | Complex Operational Tools
Lirazhazala@gmail.com | 052-9515566 (WhatsApp only) | lirazhazala.com | LinkedIn | GitHub

Summary

Product Designer who designs and builds complex operational tools end to end, from user research and flows to working products using AI coding tools. Brings 9 years in Israeli defense, from intelligence war rooms to managing nine-figure procurement programs, with a deep sense of how operators work under pressure.

Professional Experience

Freelance, New York

Founding Product Designer, Stealth-Mode HealthTech Startup | Sep 2026 – Present

- Leading end-to-end design of a B2B2C HealthTech product, from research to a demo-ready MVP in code, partnering with the founder on product strategy and scope.

Product Designer & Builder, Internal Logistics System | Jul 2026 – Present

- Designed and built an inventory and logistics tracking system end to end with React, Base44, Cursor, and Claude Code, now used daily by 20–30 people across warehouse, field, and management teams, saving 8–10 hours a week.
- Replaced an unreliable automatic sync with a deliberate confirmation step, preventing inventory errors across U.S. projects and U.S.–Israel shipments.

Vibe Code Mama, New York

Product Design Intern | May 2026 – Aug 2026

- Owned end-to-end product design for Vibe Code Mama's MVP, including user flows, wireframes, and hi-fi interfaces, challenging the initial direction and validating an alternative format that became the MVP, tested with ~20 users.
- Created reusable UI components in Figma with variants and states, translating them into functional React/Tailwind prototypes using Cursor and Claude Code.

Israeli Ministry of Defense, New York

Senior Project Manager - Procurement | Oct 2023 – Jul 2026

- Owned the end-to-end procurement lifecycle, driving collaboration and communication across legal, finance, and ops.
- Led 4–6 concurrent projects with 15+ international vendors, including the U.S. Armed Forces, managing budgets of hundreds of millions of dollars and cutting costs by 30%.

Procurement Specialist - Air Systems | Jul 2021 – Oct 2023

- Received the Head of Mission Award (2022) for excellence in contract execution; promoted within 2 years.

Israel Defense Forces

Deputy Company Commander | Oct 2017 – Mar 2021

- Started as a Surveillance Operator and advanced through three command roles: Training Commander (40 trainees), War Room Commander (50 soldiers), and Deputy Company Commander (150 soldiers).
- Operated and managed real-time surveillance and intrusion-detection systems for border and facility protection in an intelligence collection unit.

Education

BFA in Advertising and Digital Design, AAS in Communication Design - Dean's List
Fashion Institute of Technology, SUNY, New York | Aug 2022 – May 2026

Skills

Product Design: User Research, User Flows, Wireframing, Prototyping, High-Fidelity UI, Visual Design, Design Systems, Product Thinking
Design Tools: Figma, Adobe CC | **AI-Assisted Building:** React, Tailwind, Base44, Cursor, Claude Code, ChatGPT, Gemini
Languages: Hebrew (Native), English (Fluent)

Awards & Certifications

- Memorisely: Claude Design: AI Prototyping with Design Systems (Jun 2026), AI Coding Bootcamp (Apr 2026)
- Advanced Negotiation (2024), Mentorship & Onboarding (2022) - MoD Training
