EXPERIENCE

Freelance Product Designer & Builder

Self-employed | Jul 2026 – Present

- Designed and built an internal logistics and inventory tracking system end to end, from user research and flows to a working product used daily by 20–30 people, saving the team 8–10 hours a week.
- Moved from design to production using React, Base44, Cursor, and Claude Code, iterating directly with users on real workflows.

Product Design Intern

Vibe Code Mama, New York | May 2026 – Aug 2026

- Owned end-to-end product design for Vibe Code Mama's MVP, including user flows, wireframes, and hi-fi interfaces, challenging the initial direction and validating an alternative format that became the tested MVP.
- Defined and systemized the visual design language for the community product, establishing reusable patterns that scaled as the community grew to an estimated 100+ members.
- Built reusable UI components in Figma with variants and states, translating them into functional React/Tailwind prototypes using Cursor and Claude Code.

Senior Project Manager - Procurement

Israeli Ministry of Defense, New York | 2023–2026

- Managed global logistics and procurement budgets totaling hundreds of millions of dollars, achieving a 30% cost reduction.
- Led 4–6 concurrent projects with 15+ international vendors, including the U.S. Armed Forces, coordinating finance, legal, and shipping teams.

Procurement Specialist - Air Systems

Israeli Ministry of Defense, New York | 2021–2023

Deputy Company Commander

Israel Defense Forces | 2017–2021

- Led a combat intelligence collection force of 150 soldiers, including 40 intelligence personnel, and managed training and technical operational protocols for 45+ soldiers.
